**S U B J E C T:** COVID-19 Case Notification

---

On Wednesday, May 13th, we admitted our first guest into our Short-Term Rehab Home who was diagnosed as COVID positive.

Our Short-Term Rehab Home is an ideal COVID+ accommodation for a couple reasons. First, it is uniquely designed to be secure and self-contained. And second, as a separate building on our property, the entrance is limited to only those who work there or are being cared for in that Home.

We have dedicated Associates for LifeStream's COVID Accommodations and they will not be working in any other areas of our community. We have also provided specialized training for all staff working in the COVID areas, to promote best-practice infection control protocols.

The Centers for Medicaid and Medicare Services (CMS) requires that we provide you with updates on our number of Residents and Staff members who have been affected by COVID-19. You can find the most up-to-date information on our website at [www.LifeStreamLiving.com/covid-19-records](http://www.LifeStreamLiving.com/covid-19-records). We are also collecting email addresses here: [www.LifeStreamLiving.com/covid-19-updates](http://www.LifeStreamLiving.com/covid-19-updates). Please sign up for our weekly updates.

LifeStream is uniquely qualified and well-positioned to serve those who need a trusted place to heal and rest. Not all senior communities can provide the services that LifeStream can and we are proud of that. Moreover, we are even more proud of our smart, caring and dedicated Associates who continue to rise to the challenges we face day after day. Because of this team, LifeStream is rising to the occasion before us, and is prepared to provide compassionate care and community to all we serve.
