

+ MEMO

TO: LifeStream at
Northeast Phoenix
Residents and Associates

FROM: Donna Taylor,
Chief Operating Officer

CC: Family Members

DATE: July 31, 2020

SUBJECT: COVID-19 Negative Test Results

Updates

We received test results for our July 24 round of PCR (nasal swab) testing. We are pleased to report that the test results for ALL Residents and Associates who participated were negative as to the presence of coronavirus. Thank you to all who participated in helping ensure the health and well-being of our community.

Important Information

** A PCR (nasal swab) test is a “point-in-time” test and is not an indicator of any past infection, future infection or possible antibodies that may have been developed against COVID-19. A negative test result means that SARS-CoV-2 (COVID-19) was not present at the time the PCR test was given.*
