

+ MEMO

TO: LifeStream
Corporate Office
Associates

FROM: Donna Taylor,
Chief Operating Officer

CC: Leadership Team

DATE: November 30, 2020

SUBJECT: COVID-19 Notification

Updates

Yesterday, we received notice that an Associate in the Corporate Office tested positive for the presence of coronavirus. The Associate's last day worked was Wednesday, November 20 and is at home recovering. Our team is contact tracing to determine if there was any exposure within the office.

The Corporate Office Associates are currently on a weekly schedule of surveillance testing due to Maricopa County's COVID-19 Positivity rate. For Associates who may have come into contact, we may administer additional tests.

We will continue to keep you updated on the testing results.

Important Information

** LifeStream follows the Maricopa County Department of Health Guidelines to determine when it is safe for an Associate to return to work. County Health guidance states that an individual with symptoms and a positive PCR (nasal swab) test must stay home for at least 10 days since symptoms first appeared AND be free of symptoms for at least 24 hours.*
