

# + COVID-19 Testing Frequency Update

## FOR DESIGNATED ESSENTIAL VISITORS

**Updated as of:** Friday, February 26, 2021

**Positivity Rate:** 8.9% for the week ending 02-07-21 (*as reported by ADHS*)

### Testing Frequency for Communities (Based on Active COVID-19 Cases)

*Effective for visits beginning Monday, March 1, 2021*

Community	Active COVID-19 Cases	Testing Frequency
LifeStream at Cook Health Care	No active cases	One time per week
LifeStream at Northeast Phoenix	No active cases	One time per week
LifeStream at Sun Ridge	Outbreak - 1 or more cases	Two times per week
LifeStream at Thunderbird	1 or more cases	One time per week
LifeStream at Youngtown	1 or more cases	One time per week
Corporate Office	No active cases	One time per week

### \* Current Maricopa County Positivity Level & Minimum Testing Frequency Required of all DEVs:

Positivity Level	County-Reported COVID-19 Positivity Rate	Testing Frequency
MODERATE (YELLOW)	5-10% ( <u>Current rate is 8.9%</u> )	Same as Testing Frequency noted above.*

\* No visitation is allowed when a Skilled Nursing Community is considered to be in COVID-19 Outbreak (Defined by Arizona Department of Health Services as one or more cases in a Skilled Nursing community). For testing policies, requirements, locations, and email/text updates, visit:
