COMMUNITY CLOSURE - FAQ

Why are you closing LifeStream at Sun Ridge?

As you know, our Skilled Nursing Communities were subject to overwhelming impact of the global pandemic and the coronavirus. This impact, along with the nationwide labor shortage, is still being felt today in our Skilled Nursing Communities, and likely will be felt for years to come. To best serve all the skilled nursing Residents in our care, and continue to be good stewards of our staff and limited nonprofit resources, we had to make this very hard decision.

What date is LifeStream at Sun Ridge closing?

LifeStream at Sun Ridge will close once all Residents have transitioned, but no later than October 15, 2021.

What is happening to the LifeStream at Sun Ridge Residents?

We have reserved a room for each of the Residents at our LifeStream at Cook Health Care Community, just 10 minutes away. Our hope is to continue to care for and serve the Residents there. Should the Resident decide that LifeStream at Cook Health Care is not the best option, our team will work closely to help them find a new home.

What is happening to the LifeStream at Sun Ridge Associates?

LifeStream at Sun Ridge Associates are being offered opportunities to transfer to a position at our LifeStream at Cook Health Care Community or another LifeStream Community where we have positions open.

Are any other Communities Closing?

No. This closure only impacts our skilled nursing Communities. The impact of the labor shortage and the lasting impact of the global pandemic is being felt throughout the skilled nursing industry. To best serve OUR skilled nursing Residents, and continue to be good stewards of our staff and limited nonprofit resources, we felt it was best for all (Residents and Associates alike) to consolidate our two skilled nursing Communities.

What if I have other questions?

As we get more questions, we will expand this FAQ to include them. However, in the meantime, please email your questions to info@LifeStreamLiving.com
